1. Judging will be in accordance with the current American Rose Society *Guidelines for Judging Roses*. Decisions of the judges shall be final.
2. Classification of the roses will be in accordance with the latest edition of *Modern Roses*, *ARS Annual Official List of Approved Exhibition Names for Judges and Exhibitors*, *ARS Handbook for Selecting Roses*, New Rose Registrations in ARS publications and/or on the ARS website. In addition, the *Combined Rose List* by Peter Schneider and Beverly Dobson may be used. If conflicting information is found the latest ARS publication has primacy.
3. Exhibitors need not be members of the Utah Rose Society (URS).
4. Entry specimens must have been grown in the exhibitor's outdoor private garden. Roses grown in a greenhouse or from a florist will be disqualified.
5. All parties entering roses from one garden **MUST** enter as one exhibitor or team. Only one entry of the same variety from the same garden shall be allowed in any one class.
6. Varieties having "climbing" as part of their name must be entered in their respective bush type class, ex: 'Climbing Peace' shall be entered as a hybrid tea. Climbing hybrid tea and floribunda cultivars that do not have a corresponding bush form shall be shown in the hybrid tea and floribunda class(es), respectively. Ex. Aloha shall be shown in hybrid tea classes.
7. Questions regarding the appropriate entry classes should be directed to classification. Challenge and Collection entries not complying with the category in that class will result in severe penalty.
8. The registered name of a rose must appear on each entry tag. Misnamed, misplaced, misspelled, and/or misclassified entries by the placement team; or roses not side-budded unless otherwise stated in the show schedule will result in severe penalizations. Judges can make notes of correct names on entry tag for the exhibitor. Unnamed entries may be entered in Section H for identification.

9. All material except for clear plastic wrap may be used to support the rose specimen provided none of the material extends above the lip of the container. Violators shall be penalized accordingly. Foreign substance applied to any portion of a rose to enhance its beauty will result in disqualification. Foreign substance such as name label on rose, Q-tip or cotton ball left in rose will result in severe penalties. Insects such as aphids, mites, or thrips can be blown off or just ignored depending on the degree of impairment.
10. All containers are to be provided by the show committee except where otherwise specified.
11. Exhibits, prizes, and awards must remain until the close of the show.
12. During placement only the placement committee will be allowed in the show area; except for horticultural exhibitors in Collections & Challenge classes, who shall place their own entries, and arrangement exhibitors.
13. All collections must be exhibited in the proper container(s) as specified in the show schedule.
14. While the URS shall take every precaution to safeguard containers and materials furnished by exhibitors, it cannot be held responsible in the case of loss or damage. Prizes are to be taken home on the day of the show.
15. Judges judging solely in the Arrangement and/or Photography Division may enter specimens in the Horticultural Division and vice versa. Judges judging the Horticultural Division are encouraged to enter the judge's section.
16. First, second, third, and honorable mention ribbons shall be awarded in classes on the bases of quality, in the opinion of the judges. Only blue ribbons may be considered for awards. Blue ribbon winners must be in the opinion of the judges of sufficient quality to win an award. No award is required for any entry class.

1. Exhibitors need not be members of any rose society, except for Rocky Mountain Division classes, which require ARS membership and residence in the Rocky Mountain District.
2. Each photograph must be the work of a single exhibitor or team.
3. Exhibitors may enter no more than two photographs of different subjects in any one class, and each photograph may not be entered more than once in the same show.
A photograph entered in more than one class will not be judged in any class.
4. Previous winning photographs, defined as first place (blue ribbon) awards in any Rocky Mountain District or local rose show in the district, may not be entered again in any other show within the district.
5. First, second, third and fourth place awards or no award may be given in each class. Multiple first through fourth place awards may be awarded in each class. Trophies and/or rosettes may be awarded as specified in the show schedule.
6. The show committee will furnish **miniature** entry tags that must be filled out completely by the exhibitor.
Nothing identifying the exhibitor should appear on the face of the photograph.
A name appearing on the face of the photograph will cause disqualification of the photograph. The entry card should be folded so that the name of the exhibitor does not appear, and the card should be placed to the immediate right of the photograph.
7. Entries may be placed by the exhibitor with the understanding that the placement may be adjusted at the discretion of the show chair should space become a concern.
8. Exhibitors should exercise great care in the placement of their entries to make sure that their photographs are entered in the appropriate classes. A thorough reading of the photography schedule is necessary before entries are placed to avoid classification errors. A photograph will be judged in the class in which it is placed.

9. Those judging the photography division and their immediate family members should enter the Judges Section only. Horticulture and arrangement judges may enter photographs in any section except judges.
10. Judges shall be ARS Accredited Horticulture and/or Arrangement Judges. A professional photographer may be added to a team of three judges, two of whom must be ARS accredited. The show committee should make every effort to use judges with some expertise in photography.
11. The name of the rose(s) must appear on the entry card. If the variety is unknown to the photographer, "Unknown Variety" must be written in the name space, and the judges may determine if the lack of a name affects the score of the photograph.
12. Photographs will be displayed as described in the show schedule. The judges may ask a clerk to pick up a photo gently by its edges if it is necessary to view the photo adequately. Under no circumstances will a photo be handled in such a way as to disclose the name or identifying information of the exhibitor.
13. Photographs taken with digital equipment or film are equally welcome. Digital enhancements as well as darkroom enhancements are also welcome.
14. Photographs may be in color or black and white or a combination of both color and black and white.
15. All photographs are to be mounted and matted. An unmounted or unmatted photograph will not be accepted for judging or display. The color of the matt is at the discretion of the exhibitor but should not compete with the photograph.
16. The outside dimensions of the matt are to be 11" x 14". The orientation of the photograph may be either landscape or portrait.
17. Photographs may be no smaller than 5" x 7" or larger than 8" x 10".
Non-standard shapes are welcome as long as the mat opening fits within the size limits.
18. The show committee will exercise due caution in protecting all exhibits, but the local rose society, the Rocky Mountain District, the ARS or the facility in which the show is being held assume no responsibility or liability in the loss of, or damage to, the property of the exhibitor.
